COVER LETTER

RE: Web Developer, Programmer, A Designer.

Dear: The Boost Company, (ABA).

I am writing today to express my interest in your recently posted opening for new knowledge and shearing of my I dear to develop company grow over in the future. I am looking to apply my skills and abilities to a challenging, growth-oriented position with a leading company like Target Company while continuing to build my academic foundation.

My previous experiences have allowed me to develop abilities in our company to build and grow up more and more. I am eager for the opportunity to learn from and support your team by applying my communication, critical thinking, and delegation skills.

My focus, as an aspiring professional, is to utilize my strengths in shop skills and hard skills to make a positive impact on the organization as a whole. I enjoy gathering, organizing, and analyzing information, working in groups, and contributing to project strategies. I believe these skills will be beneficial in the Developer role while further enhancing the excellent reputation of the position of the company.

Please review my attached resume for additional details. I look forward to hearing from you to discuss the possibility of joining your team.

I'd be happy to provide greater detail about my skills and experience during an interview. Please call me at your earliest convenience.

Thank you, in advance, for your consideration.

Best regards,

CHET MAO
